## **Vegetable Breeding Consortium INAUGURAL ANNUAL WORKSHOP**

10-11 May 2017

**World Vegetable Center Headquarters, Taiwan**

The inaugural **APSA/WorldVeg Vegetable Breeding Consortium Annual Workshop** will change the way you do breeding and business.

- Learn about the latest developments in breeding research from the WorldVeg team of internationally renowned plant breeders
- Scout field trials of improved breeding material to enhance your cultivar catalog
- Meet breeders, pathologists, virologists and other researchers to strengthen your knowledge network

### **Featured crops**

- High lycopene dual purpose fresh market/processing and fresh market tomato lines with boosted bacterial wilt resistance (Bwr-6)
- 5 - 10 new hot pepper and 5 new sweet pepper improved lines with multiple disease resistance
- 2 - 4 lines of Japanese-type cucumber

### **Who should attend?**

Participation in the workshop is open only to registered **APSA/WorldVeg Vegetable Breeding Consortium companies**. Consortium membership includes **free workshop participation** for one representative from each consortium company (includes lodging, meals, transportation within Taiwan, workshop materials and coffee breaks.)

Attendance fee for each additional participant: US\$600.
