The World Vegetable Center (WorldVeg) is an international non-profit institute for vegetable research and development. Founded in 1971 with headquarters in Taiwan, the Center’s global network today covers East and Southeast Asia, sub-Saharan Africa, South Asia and Central Asia. The Center mobilizes resources from the public and private sector to realize the potential of vegetables for healthier lives and more resilient livelihoods. WorldVeg’s improved varieties, production and postharvest methods help farmers increase vegetable harvests, raise incomes in poor rural and urban households, create jobs, and provide healthier, more nutritious diets for families and communities.
